## About Us

We are pleased to introduce our company Conbrio LED's, Founded in 2017, manufacturer & exporter of LED Street Lights, LED Flood Lights, LED Highbay Lights, LED Tubelights, Panel Lights, LED Raw Materials like of PCB, Driver, Housing.

Our mission is to provide high quality, high performance, cost-effective engineered system that includes LED lights, and off-utility grid LED systems for commercial, industrial and Governments applications. We are a Progressive, agile, inventive company and is committed to reducing carbon emissions using best-in-class technology. We bring durable, reliable and affordable lighting to a wide range of clients, each having a unique and often harsh operating environment.

We recognize conbriosystems is rapidly changing as more efficient technology becomes available. That is why we continue to work closely at a grass roots level with users, contractors, installers and technologists worldwide. With their practical experience, our team is able to focus our processes and engineering efforts on practical products refinements that enhance durability, performance, and reduce costs.

## Our Product Range

■ LED Street Lights.

■ LED Flood Lights.

■ LED Highbay Lights.

■ LED Panel Lights.

■ LED COB Lights.

■ LED Tube Lights.
